

Messages

The list of actions that can be taken on messages. Hex colors are supported in all messages.

- [Prefix](#)
- [Json](#)
- [Player Variable](#)
- [Send Message As Action Bar](#)
- [Send Message As Toast](#)
- [Send Message As A Title](#)
- [Send Message As A Boss Bar](#)
- [Center A Message In Chat](#)

Prefix

Insert the Prefix from settings.yml into any message just add `{prefix}` to the message

Json

Minecraft allows you to create more advanced messages using json. You can use a json text generator like this one [here](#)

To use json in a message all you have to do is put [JSON] at the start of the message.

Example:

```
"[JSON][",{"text":"Example ","color":"dark_red"},{"text":"message", "color":"#E124E1"}, {"text":"with ","color":"dark_gray"}, {"text":"hover", "color":"gold", "hoverEvent":{"action":"show_text", "contents":"Hover text! "}}, {"text":"text", "color":"red"}]"
```

Player Variable

You can also show the players name by inserting `{player}` into the message.

Send Message As Action Bar

You can choose to send a chat message as an actionbar by adding `<actionbar>` at the start of the message.

Send Message As Toast

You can choose to send a chat message as a toast by adding `<toast>` at the start of the message.

Send Message As A Title

You can choose to send a chat message as a title by adding `<title>` at the start of the message.

Send Message As A Boss Bar

You can choose to send a chat message as a bossbar by adding `<bossbar>` at the start of the message. It will show a boss bar for 10 seconds.

Center A Message In Chat

To center a message in chat, add `<center>` at the start of the message.
