

Json

Minecraft allows you to create more advanced messages using json you can use a json text generator like this one [here](#)

To use json in a message all you have to do is put [JSON] at the start of the message

Example:

```
"[JSON][",{"text":"Example ","color":"dark_red"},{"text":"message",  
"color":"#E124E1"},{"text":"with ","color":"dark_gray"},{"text":"hover",  
"color":"gold","hoverEvent":{"action":"show_text","contents":"Hover  
text!"}}, {"text":"text","color":"red"}]"
```
