

Json

Minecraft allows you to create more advanced messages using json you can use a json text generator like this one [here](#)

To use json in a message all you have to do is put [JSON] at the start of the message

Example:

```
"[JSON][",{"text":"Example ","color":"dark_red"},{"text":"message", "color":"#E124E1"}, {"text":"with ","color":"dark_gray"}, {"text":"hover", "color":"gold", "hoverEvent":{"action":"show_text", "contents":"Hover text!"}}, {"text":"text", "color":"red"}]"
```
